

# NIKO

## *Buggy*

A very practical addition to the family: our Niko!

With the Storchenmühle buggy, we offer a real all-rounder: Designed for use from birth and up to around four years of age, Niko impresses with an adjustable fully reclined position and a generous panoramic window so that your little passenger has a clear view of everything from the front. Another highlight: The extendable sun canopy with side ventilation.

And parents have also been considered: an integrated auto-fold mechanism, the ability to stand independently when folded and the practical single-joint brake system ensure foolproof handling. And it's all topped off with large, puncture-proof air chamber tyres.

The materials used in our Niko buggy are also impressive: the fabric is 100 per cent recycled and offers antibacterial properties with a special Silvadur™ finish. In addition, the seat area is very breathable because of its Sorona® padding.

## FEATURES:

- Adjustable water-repellent canopy with UPF 50+ sun protection
- Canopy can be extended with zip
- Extended canopy with side ventilation windows
- Backrest can be adjusted with one hand
- Multi-way adjustable leg support
- Backrest and footrest adjustable to a totally flat lying position
- Large panoramic window in the reclined position
